Rainbow

Social Inclusion

We build friendships and reduce isolation. We strengthen communities where networks are fragile. We run social, educational, and creative workshops.

Safe Housing

We support homeless LGBTQI asylum seekers into safe housing across the UK. We also have bed spaces for LGBTQI migrants with no recourse to public funds.

Moving On

We equip LGBTQI refugees with better employability and life skills. We also facilitate access to support and networks to be resourceful members of the community and to find permanent housing.
